AUCTIONEERS' FOREWORD

The Auctioneers have pleasure in drawing particular attention to this high-class and entire Agricultural Dispersal Sale occasioned by reason of Mrs. E. I. Willans having decided to relinquish farming pursuits.

Broughton Hall Home Farm is situated 4 miles from Malpas adjoining the road leading from Malpas to Wrexham, Whitchurch 8 miles, Wrexham 10 miles, Chester 16 miles.

The Grand Herd of Attested Commercial Dairy Cattle, mainly de-horned, comprise an excellent selection of young dairy cows with several at profit or in-calf again for winter milk production. The unserved heifers and calves have been judiciously selected from high-yielding cows, and are a particularly promising lot.

The Comprehensive Collection of Farm Implements and Estate Equipment is of special interest to Farmers and Builders. The Farm Implements have been well maintained and are by makers of repute.

A Refreshment Caterer will be in attendance.
